

Enclore Fire Retardant Lockable Board

Display information safely using this lockable option for fire regulated buildings

DESCRIPTION

Enclore Fire Retardant Lockable Notice Board, independently tested according to EN 13501 for class B rating is the ideal solution to post messages at public buildings. Select this model for projects that require fire rating specifications and safely display information for public notice. Vertically opening, which is excellent for corridors, as in case of emergencies, the door will not open, when people go against it, while running. The product comes with 2 keys, so that a spare key is kept in a safe location, in case one is lost.
