

Exhibit Extra Sliding Doors Display Case

Efficient use of space in corridors and bustling areas

DESCRIPTION

Exhibit Extra Sliding Doors is a slim and elegant display designed with aesthetics to fit any modern space. The magnetic surface is ideal to hold documents with magnets and can also be used to write messages. With cork or felt surfaces messages and documents can be fixed with pins. It is supplied with tempered glass doors and a great asset to be used in corridors, lobbies, and other high-traffic areas. As doors don't open to the passway, displayed materials can safely be updated. The product comes with 2 keys so that a spare key is kept in a safe location, in case one is lost.
