

Fire Retardant Notice Board

Fire retardant pin board to display information in buildings with fire regulations

DESCRIPTION

The Fire Retardant Notice Board, independently tested according to EN 13501 for class B rating is the ideal solution to post messages with any type of pushpins, at public buildings, schools, colleges, meeting rooms, corridors, and laboratories, etc. Select this model for projects that require fire rating specifications and safely display information for public notice. The surface's textile can easily match the surrounding decoration and the symmetric design makes it suitable to be mounted horizontal or vertically.
