Trio Infinity Whiteboard
High Performance Trio Boards EN14434 for Education

DESCRIPTION

Efficient communication is the key to success. Explain subjects, brainstorm ideas, and be creative. Decide, plan and analyse. All in one place. This makes it a must-have item for training centres, schools, labs, and workplaces. The **Infinity Trio** has a robust construction to meet EN14434 requirements for use in Educational facilities and is a space optimiser. The product has twice the writing area of a regular whiteboard, because the users can write on the main surface as well as on both sides of the wings. The wide full-length pen tray is a great asset for storing the eraser and markers.
