

Helpo Mobile Tilting Stand

Tilting stand with motorised up & down system

DESCRIPTION

Interactive Flat Panel Stands are perfect integrators of technology inside a modern learning space. Designed for collaboration and flexible concepts, these versatile height adjustment supports are welcome in modern learning areas to give students choices and variability throughout the day. Seamless integration of technology empowers students to create personalized paths to learning. **Helpo Mobile Tilting Stand** offers the possibility to adjust the screen to different heights, including reduced mobility users. And tilt to the table position to create a true flexible and collaborative learning layout.
